

OVERVIEW AND DETAILS OF WORD GIVEN CONCERNING COVID-19 \ON NOVEMBER 12

The following is a brief account of the facts that took place following the prophetic word that was released by Sid Roth. Some have sought understanding in the aftermath of the prophetic word, so we have afforded the following to prevent any confusion, or question the veracity of Sid Roth's reporting, as well as the nature of the prophetic word itself. It is also to protect the seriousness of prophecy, and to maintain its integrity in its outworking of the Holy Spirit.

In early November of 2019, the Lord revealed what is to occur at the start of 2020. I saw the continents of the earth being shaken. At first the Lord said that I am releasing a season of fear, quaking, and panic. It would also come to North America, and the North East. I then saw a large blanket covering the land, and upon the blanket was a sea. I then saw a hand lift up a corner of the blanket that threw the sea up, and everything was shaken. I saw a large net cast over the earth filled with fish. At the onset, I was uncertain of the nature of the shaking and quaking. First, I considered earthquakes occurring at the start of the year on multiple continents, all happening simultaneously. But I was uncertain and felt doubtful, so I held this word and continued to pray.

Then at the start of the year, the Lord made it clear the shaking, quaking, and season of fear was being released through the current coronavirus. We know now, nothing of this magnitude regarding its cause and effect has occurred in our modern history. Indeed, the world is quaking and filled with fear. The net filled, represented untold millions that would come to faith and be saved. The Lord impressed upon me also that President Trump can stop it, and mitigate its effects in its tracks, should President Trump take specific actions.

As a result, I felt strongly about preparing this word to be released. I faithfully submitted a letter directly to the White House on March 7 , and shortly after received confirmation of the White House receiving it. I also felt that it should be sent to the greater prophetic community for analysis and confirmation. I submitted to Sid Roth, and leaders in Prophetic community in Israel. Sid promptly released the word on his national platform. Others felt it was important for President Trump to receive it, and then forwarded the word to their contacts within President Trump's spiritual counsel of advisors.

What follows is the details of the steps that President Trump should take from two communiques, one originating in the United States, and others likely from Israel, then to President Trumps spiritual council of advisors. Highlighted are four points that were included in the body of these two communiques for this prophetic word to be fully activated.

1. "During this growing panic and fear, and economic turbulence, God says, "call a National Day of Prayer." This will not cause alarm, but relief and assurance— **call for a National Day of Prayer for God to protect "your" people.**"

2. Recall, God has given you the role of a national steward and protector of the people of America. **As you call for a National Day of Prayer, and invoke the name and power of God,** the anointing of heaven will be released, the same power that caused your ascent to the office."

3. **"Only you, President Trump, have the authority and persuasion before God, not the Vice President or any other representative or advisor.** God is giving you your greatest gift yet. One of the greatest modern miracles of our time, as countries witness the miracle."

4. "As you call for a National Day of Prayer, you will **invoke the name and power of God, while releasing the anointing of heaven that came with your ascent to the office. Ask God to protect our country and its people openly and boldly.**"

In summation. The National Day of Prayer was to be called on the National stage and platform, as was the National Emergency Declaration, etc. I believe that God wanted it to testify not only to the whole nation of every faith and persuasion, but it was testifying to the world. No doubt this was a high bar. One might ask, why? Perhaps, to whom much given much is required. Consider the following two points.

A. No President in our modern times has been so resolved to protect Israel. No President has used the power of the office to declare Jerusalem, the beloved city of our God, as the capital of Israel, and no President chose to move the U.S. embassy to Jerusalem. He did this despite a sea of critics, and undaunted by the backlash of the global community. This invokes the power of Genesis 12:3; *Those that bless the Jew will be blessed, and those that curse the Jew will be cursed.*"

B. President Trump has revived the legal bench of morality and spiritual justice. He has gone to great lengths to place pro-life judges on the court that will preserve God's heart for the unborn long after his departure.

C. President Trump has surrounded himself with a counsel of Evangelical leaders as no other in past history. He is reported to have accepted the Lord, and has many leaders pray over him, and the nation has seen Him in prayer with Evangelical leaders. Clearly, he has given deference to their counsel, the Word of God, and responded in kind to the extent of understanding that he has.

Although President Trump chose, or was advised, to use a different medium, and an intermediary, and not himself, millions responded in prayer. For this measure we are thankful and continue to intercede for the nation. I myself remain in the breach for this nation. I am reminding God and recalling to His attention of the extraordinary measures that President Trump has taken, as noted above. Unlike the book of Ezekiel in chapter 22:30, where He found no one to stand in the breach, there are many. I myself stand in the breach and chose to remain in prayer and fasting for twelve days following the National Day of Prayer, March 15.

Let's continue to labor for a miracle. Let us join together as spiritual midwives to see our deliverance birth out of the spiritual womb of God's people. Settle for nothing less than a miracle!!!
